Education

Aug 2022 - Nov 2022 Gateway Solution, Sangrur, Punjab

Front End Developer

A Front End Development course teaches creating and coding the user interface of websites and web apps.

May 2016 - July 2019 SLIET Longowal, Punjab

Computer Science Diploma

From this university, I gained expertise in programming, algorithms, and software development. Acquired practical skills through projects, fostering a solid foundation for solving complex technical challenges.

Work Experience

Feb 2023 - July 2023 Gateway Solution, Sangrur, Punjab

Frontend Web Development

- Collaborated with design and development teams to create visually appealing and functional websites.
- Implemented responsive design for seamless user experiences across devices using HTML, CSS, and JavaScript.

Digital Marketing Techniques

- Conducted market research to define target audiences and develop effective marketing strategies.
- Created engaging content for social media, email campaigns, and online ads.
- Analyzed metrics for data-driven campaign optimization.

Software Testing

- Designed and executed comprehensive test plans, ensuring software quality and reliability.

Projects

Golden Hour, Visual Studio Code Color Theme

Created a custom Visual Studio Code theme to enhance code readability and improve the overall developer experience. More than 100 people installed it.

Websites

Successfully developed and contributed to diverse projects clothing, immigration services, and social initiatives.
